 Hyderabad, India

Objective

Cloud & DevOps Engineer with 3 years of experience in AWS and Azure environments, specializing in cloud infrastructure automation, DevOps practices, container orchestration, and monitoring. Skilled in deploying secure, scalable, and cost-optimized cloud solutions using Terraform, Kubernetes (EKS), and CI/CD pipelines. Strong experience in DNS and SSL management, security compliance, and supporting multi-cloud infrastructure.

Professional Experience

System Analyst – II (Cloud & DevOps) | SmartIMS | Hyderabad | Jan 2025 – Present

- Provisioned and managed AWS & Azure infrastructure (EC2/VMs, RDS/Azure SQL, S3/Storage Accounts, VPCs, networking).
- Deployed and operated EKS & AKS clusters, handled scaling, ALB/ASG integration, and platform monitoring.
- Supported DevOps workflows by coordinating with development teams during deployments, releases, and environment changes.
- Assisted in CI/CD pipeline operations, validating infrastructure readiness and resolving deployment-related issues.
- Managed DNS and SSL/TLS using Cloudflare, Route 53, and AWS ACM.
- Supported security and compliance (HIPAA, SOC 2) using Secureframe, UpGuard, and Sentinel, assisted with audits and remediation.
- Implemented backup and DR procedures, executed drills, and validated recovery.
- Monitored alerts, handled production incidents, performed RCA, and maintained runbooks and documentation.

Cloud Engineer | Bodhtree Consulting Ltd | Hyderabad | Oct 2023 – Aug 2024

- Deployed and maintained AWS cloud environments supporting enterprise applications.
- Supported DevOps deployment activities, environment setup, and post-deployment validation.
- Collaborated with development teams on infrastructure troubleshooting, scaling, and security fixes.
- Performed server maintenance, upgrades, and availability monitoring.

Jr Software Engineer(Cloud Operations) | Wilmer Technologies LLP | Hyderabad | Feb 2023 – Sep 2023

- Assisted in cloud infrastructure and application support, including server maintenance, DNS, and monitoring.
- Supported senior engineers in deployments, troubleshooting, and configuration changes.

Professional Projects

1. Multi-Cloud Infrastructure Automation & DevOps | PlayerHealth (USA)

- Provisioned and maintained AWS & Azure infrastructure using Terraform.
- Managed containerized application platforms on EKS & AKS, collaborating with dev teams during deployments and configuration changes.
- Assisted in DevOps operations: infrastructure changes, access controls, and environment stability.
- Performed continuous security and compliance remediation aligned with HIPAA, SOC2.
- Prepared audit-ready evidence and reports for SOC 2 assessments.

2. AWS Infrastructure & Website Operations | Daicel pharma Standards (India)

- Managed AWS infrastructure: EC2, RDS, and Route 53 DNS records.
- Configured and renewed SSL certificates using AWS ACM and GoDaddy.
- Hosted and maintained WordPress websites, optimized performance, and handled updates.
- Coordinated with dev teams for deployments, security patches, and system stability.
- Implemented monitoring, backup, and recovery processes for high availability.

3. Legacy Infrastructure & Website Support | Taro Pharmaceuticals (Sun Pharma, USA)

- Maintained legacy servers and websites on vendor-managed infrastructure.
- Managed AWS staging/dev environments for client applications.
- Handled DevOps-related tasks: configuration changes, access management, and troubleshooting.

Technical Skills

- **Cloud Platforms:** AWS (EC2, VPC, EKS, RDS, IAM, Route 53, CloudWatch, ACM), Azure (VMs, AKS, Azure SQL, Azure Monitor, Front Door, WAF).
- **DevOps & Infrastructure Automation:** Terraform (IaC), Shell scripting, YAML.
- **Containers & Orchestration:** Docker, Kubernetes (EKS / AKS), Helm, ECR lifecycle management.
- **CI/CD & Source Control:** Git, CodeCommit, CI/CD pipelines (build, deploy, rollback – basics).
- **Networking & DNS:** VPC networking, Subnets, Load Balancers (ALB), Security Groups, Route 53, Cloudflare, SSL/TLS (AWS ACM, Cloudflare).

- **Monitoring, Reliability & DR:** CloudWatch, Azure Monitor, Grafana, alerts & incident monitoring, RDS snapshots, backup validation, DR drills.
- **Security & Compliance:** IAM policies, Secureframe, UpGuard, Sentinel, audit support and compliance remediation.

EDUCATION

B.Tech (ECSE) – KL University, Vijayawada (2022)

Intermediate (MPC) – Narayana Junior College, Eluru (2018)

Achievements

- **Difference Maker Award (2025):** For successfully performing the migration of critical applications and transactions across multiple cloud platforms to on-premises India environments, achieving cost savings.
- **ExtraMiler Award (2025):** Recognized for timely and proactive support, resolving P1 tickets with zero escalations and maintaining high operational standards.
